RE: Dominion Bremo Power Station VA0004138
No Discharge from Outfalls 501, 502, 503, 504 and 505

Ms. Carver:

Dominion is submitting this letter in accordance with Part I.A.9.h. of the subject permit to report that there was no discharge from Outfalls 501, 502, 503, 504 and 505 from March 13 - 19, 2016. In addition, a progress report summarizing the status of activities to the CCR Surface Impoundment Closure Project is attached with this report.

If you have any questions or need additional information, please contact Taylor Engen at 434-842-4104.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Sincerely,

Greg Searcy
Manager, Power Generation Operation & Maintenance (O&M)
